

Take I-55 or Rt. 53 South to Wilmington. If I-55, go all the way through town, crossing the Kankakee River, and go straight through the light in the center of town. The Wilmington Adult Civic Center (Lions Hall) is at the EAST edge of Wilmington. Find the street to turn on by watching for the Launching Pad Resturant (has a 20 ft. green astronaut in its parking lot), gas station across the street, and Lombardi car dealership on the opposite corner. The street between the car dealership and the gas station is Daniels and you want to turn South (left if you're coming down 53 and right if you're coming from downtown). Go a short distance (1/4 mi or less) and turn right at the first stop sign. This is River street. You will see the Hall immediately on your left - park on the street.

To get to Wilmington from I-55, go South and take Exit #129 (it will say Braidwood). You will NOT take the 1st exit you see that says Wilmington. Exit #129 will exit from the left lane of I-55. Take this exit, go over the ramp, then watch for the first road to the left. There is a stop sign there. This is Strip Mine Road. Turn left on Strip Mine, take it as far as it goes and cross the railroad tracks. At that stop sign, turn left. You will be on the main street that goes through town and just follow the directions above.
